#### Gap area

Some DMCs of Almora TU

#### ACSM Activity

To provide LT of RNTCP in each DMC. Some DMC like Chaukhatiya there is no LT of RNTCP , so sputum collection is depended on another LT. These LTs do not want to do extra work.

#### Feedback of DC Almora.

Specially in hilly aria each PHC should have sputum collection because some DMC is far long of villages and due to lack of communication villagers avoid to go DMC. IN some DMC Like Dwarahat miss behave of Doctor villagers do not want to go Government sector.
